25.The most efficient transportation in your country。

You may be surprised to find that the most efficient transportation in our country is bike. As one of the widest country in the world, there are many provinces which locate on highland that do not fit to drive a car because the roads there are too dangerous. And in the cities of prairie /'preəri/, there are usually traffic jams especially during rush hours. So riding a bike becomes the most efficient transportation in my country.

26.说近 100 年最 important 的 invention 之一

in my opinion the most important invention of the last 100 years is mobile phone. The first reason for why I choose it is that, by using a mobile phone, the distance between one another is significantly shortened. For example, I can send messages or make a phone call to connect with my friends in other cities no matter when and no matter where. But before mobile phone was invented, I have to wait several days at least to get some information from them.

27.attend college 是否比不读 college 容易 successful in career ,why?

I definitely agree to statement that attending college will make one more successful in career. Attending college means you can get well-educated in a certain area. And the education will make you fully prepared for your future career. Besides, when you graduate from the college, you can receive a degree, which is very important to get a decent pay. Even if you are over qualified for your job position, the boss has a good reason to give you a relatively low salary because you do not have a certification from college.

28.Characteristics of friends;

In my opinion a good friend should have the following qualities: confident and caring. As an only boy in my family, I rely on others very much. I need my friend to bring me confidence. Every time my friend appears in front of me, I hope he/she can bring a strong feeling of authority which makes me feel a definite sense of trust. Then he/she should be very caring. When I am suffering hard times, or confronting difficulties, he/she can give me a hand and help me overcome the troubles.

29.Someone suggests school to cut the Recycling

I tend to disagree with cutting the recycling in school. Firstly, recycling can remind students of the importance of environmental protection. With a recycling system, students will discard garbage into the special recycling garbage boxes instead of throw them away randomly in campus. In addition, school can employ workers to deal with the garbage regularly, it can also provide a job chance for people with low-income. So for these two reasons, I support that the recycling in school should continue.

30.你是愿意当 leader 还是当 follower

Of course, I would like to be the leader. **I think I am a born leader because of two reasons.** First I am good at communicating with others. That is very important to lead a team with many complex troubles. With my splendid communication skills, I can make the **atmosphere among my team members** very **harmonious**. And second, I do not like to be regulated by others, **so the only way to get rid of this status** is to be the leader and regulate others myself.

31. Which one do you think is better to help do research, internet or academic books?

In my opinion, **I think it is internet that helps us more while doing research.** It could help you save a lot of time by using internet. For example, with a click on the button of your mouse, you can get maybe ten thousand pages of useful information from the search engine google. The click takes you only a split of second. **But if you want to get the same amount of information by reading academic books,** I bet it will take you at least several months.

32. 人是被电视，报纸，广播上的信息影响得多，还是家人朋友得影响多

in my opinion, it is my family members and friends who influence me most. **The information provided by newspaper, TV, radio or other formats of media can just let us know what has happened.** But speaking of **how to deal with it, we need more specific suggestions.** Family members and friends can offer us this kind of information **as they are the ones who know us most besides ourselves.** They can give us **adequate help.**

33. 理想的职业

In my opinion, the most **ideal career** for me is to be a **journalist.** I have dreamed to be a journalist since I was still in middle school. Journalist never tells lies, and **always seeks for truths.** I want to **be a man like that.** Besides, I often **feel shy when I am talking to others,** and as I know journalists are **all good at communicating because good communication skill is very important while they're doing interviews.** I want to possess this kind of skill myself/ so that's why I want to be **a journalist as an ideal career.**

34. Take a long vacation or several short vacations in a year?

**in** my opinion, I definitely prefer to take a long vacation instead of several short ones. **If the vacation is as long as about two month, I can separate it into two parts.** In the first part, I will go abroad, visiting the place I have dreamed all the time, for example **yellow stone park.** When I get back, I still have one or two weeks to have a rest before go back to work. So I would not be very tired and **be able to** keep energetic while working.

35. What do you think are the characteristics of a good parent?

in my opinion, a good parent should **be well-educated and patient.** It's said that parents are **the first and most important** teacher for children. So a parent should be well-educated, otherwise, how could he/she **deal with the tutoring?** Secondly, everybody knows that **to feed a baby is a time-consuming work, it needs great patience.** If they are not patient enough, the baby would hurt itself. And **leave a scar in forehead** for example, that'll be a disaster for him when he **grows up.**

36. Do you prefer to study alone on work assignment from class or to study in group?

in my opinion, I would prefer to study in a group on work assignment from class. Working in a group means I will have partners to cooperate with. The work will be separated into several parts while working in a group and each of us is only responsible of our own part, and that will decrease our workload and increase the efficiency. Besides, when I confront difficulties while studying I can discuss with my partners.

### 37.你的目标是什么

To tell you the truth, my aim is to be a Computer engineer as my future career. And I have partly achieved it. I have dreamed to be a Computer engineer since I was still in the middle school. And then I chose Computer science as my major in university though my parents strongly opposed to that. During my studies in the university, I worked hard and practiced as much as I could. Yesterday afternoon, I received a phone call. It was from lenovo which is one of the most famous computer company in my country . They provided me an offer in their company!

### 38.描述一次 challenging experience，以及如何解决这个 challenge

Many years have passed, but till today, I still could not forget the challenging experience when I found my first job as a Computer engineer. I dreamed to be a Computer engineer since I was still in middle school. And I went to study Computer science in a university because of that. But when I graduated, I found it was very difficult to be a Computer engineer nowadays, for the job is really a tough one. But I overcame it by proving I could tolerant the tough work then I got it.

### 39.应该选择工作好找的专业还是应该选择自己感兴趣的专业

I surely prefer to choose a major which is easy to find a good job in the future, like finance or marketing for example. No one could deny that the most common reason for us attending university is to get well prepared for a good job in the future. So whether or not it will lead to a good job, should be put into the first place when we choose our major. If we find a good job with decent payment, we can use the money we have earned from it to satisfy our interests then.

### 40.喜欢看那种电影,为什么:Comedy, drama...

My favorite kind of movie is loving movies. The charming actors such as Anne Hathaway or Kate Hudson are the most attractive factor for me to fancy at the loving movies. And the second reason may be more important. Watching this kind of loving movies is just like reading a text book which teaches me how to love and be loved. Moreover, the recent loving movies are always we boys favorite topics when we get together and have a gossip. I do not want to be out of date when we are talking about things like that.

### 41.What will you do to relax yourself?

I usually do three things to relax myself. The first is reading. I love reading, especially in a silent environment such as library. The second is doing sports. Every morning, I jog 2000 meters, and every weekend, I swim 1000 meters. This can make me healthier and energetic. And last thing I'd like to do when I am free is to eat out with friends. You may be surprised to know that I have tried all the restaurants in our community!

42. Is it important for students to attend class regularly or study by oneself?

I do not think it is necessary for students to attend class regularly. If a student is good at math but poor at English, in my opinion, he/she should skip some of the math classes and using the extra time improving his/her English. Moreover, some students can not concentrate in classroom because it is very noisy with too many students in it. For them, studying in a library on their own would be more efficient. If they have any questions, they could solve them simply by asking professors during office hours face to face.

43. Describe an enjoyable event in your childhood

44. 描述一个你参加过的学校

I will introduce one of the schools I have attended. That is the New Oriental School. The New Oriental was founded by Yu Minhong over ten years ago. The aim of the school is to help students get high score in the Tofle or GRE test which permit them to go abroad and take a further study more easily. The New Oriental has a powerful faculty and subsidiary schools throughout the country. It helps me a lot really.

45. 学校应不应该在普通课程中加入 Sport courses?

No one could deny that the main responsibility of a university is to help its students develop their academic abilities. And being healthy is the prerequisite for students to achieve their academic goals. So attending sports courses into the university's education program is very important. Besides, doing sports is a good way to relax after a hard day's work with lab research or papers for students. That will help increase the efficiency of their study.

46. What do you miss most when you are away from home?

It is my mother whom I miss most when I am away from home, for example, study in the university which is 1400 miles away from my born city. The dishes in school's cafeteria is awful, and I become 3 kilograms thinner than I was in the high school. So I miss the food my mother cooks for me, especially spaghetti [spə'geti] which is her signature dishes.

47. 人们往往认为应该在危急时刻帮助别人，但另一种观点认为你首先应该看清楚情况

I definitely agree that one should observe before helping others when there is a danger. Firstly, you must keep a clear mind if you are able to help solving the emergency, otherwise you may do nothing but even put yourself in danger. For example, if the rescue needs more people or other tools, you should stop and think about where to get them. In addition, some imprudent /im'pru:dnt/ actions may deteriorate /di'tɪəriəreɪt/ the situation. If you move a patient with heart attacking frequently, it can even cause death.// So I think one should observe before helping others.

48. Describe a special opportunity given to you.

Many years have passed, but till today, I still could not forget the special opportunity I have received. It was a rainy afternoon, when I was watching TV in my dorm room, I received a phone call. The man in the phone asked me whether I was still looking for a job? I replied yes. And he

then told me that he had read my resume on the internet and could provide me a job as **manager** in their company with a salary of 3000 yuan per month, I was really surprised by that!

49. good leader 应有哪些 qualities?

In my opinion, a good leader should have the following qualities: **confident and kind**. The leader should be confident both of himself and his fellow members. Every time he walks in the working group, he should bring a strong feeling of authority, and makes his **fellow members** feel a definite sense of trust. And the leader should be kind to his fellow members. If a leader is too strict, his fellow members would be afraid to ask questions, and that will decrease the efficiency of their work.

50. 同不同意 People should always tell the truth.

I definitely agree to the statement that people should always tell the truth. what I dream is to be a journalist as my future career. And everybody knows that journalist should never tell lies and always seek for truths. Once a journalist tells lies, he will never be trusted again, and that is lethal for him, he might not be a journalist any more.

51. Describe an object which is very important to you.

Teddy bear.

52. Do you agree that we can judge a person by the appearance at the first glance?

I don't think I will agree to the statement that one can judge a person simply by the appearance at the first glance. For example, at the first sight of my sales manager, I got really impressed by his professionalism reflected by the way he dressed, especially the navy blue color which is always my favorite. But several weeks passed, I found out that he knew nothing except apple-polishing. And you know what, our boss is a middle aged woman! She loves our sales manager, so that's why he get this position.

53. 如果有机会你会选择 job or career?

In my opinion, the most **ideal career** for me is to be a **journalist**. I have dreamed to be a journalist since I was still in middle school. Journalist never tells lies, and **always seeks for truths**. I want to **be a man like that**. Besides, I often **feel shy when I am talking to others**, and as I know journalists are **all good at communicating because good communication skill is very important while they're doing interviews**. I want to possess this kind of skill myself/ so that's why I want to be **a journalist as an ideal career**.

54. 若果有一大笔钱，你会做 practise thing or happy thing?

If I have a large amount of money I will use them doing my favorite things, like buying books to read, or going abroad visiting my dreamed place **YELLOW STONE PARK**. I am a **Computer engineer** and my work is very hard and stressful. To tell you the truth, I have no weekends. It is true that practice makes perfect, but no one can keep practicing no matter when. So if I got a lot of money I will quit my job and have a good rest with it doing things I like.

55.学生放假应该做些什么？

No one could deny that the main responsibility of a student is to get well prepared for the entering exam to university. But as it is vacation, the students should definitely have a good rest. For example, **they should do anything they like but have no time to do during the semester.** Like **watching TV, playing basketball, volleyball, football, and so on.** If **the students relaxed well, they can be more efficient in the next term and get better scores** in the final exam.

56.描述一件童年很 happy 的 event，然后 explain why it is memorable

Teddy bear

57.Communicate with your family and friends by letter and e-mail or by telephone?

I definitely prefer to communicate with my family and friends by writing letters among the three. Writing is a habit of mine. In the letters I could express myself more deeply and clearly compared with the other two methods. And writing letters could help me practice my **calligraphy /kə'liɡrəfi/**. I have learned calligraphy since I was still in primary school. **And everybody knows that practice makes perfect. So I write with my pen as much as I could.**

58.Favorite time of a year

My favorite time of the year is the Spring Festival. It is the Chinese New Year, which is on the first day of the year in **lunar calendar**. Even if I am indifferent with festive events, I could not resist the charm of a family reunion dinner which marks the defining feature of the Spring Festival. During the dinner, family members make **toasts** to each other in order to wish for joy, peace, health and fortune for the next year. That's my favorite time of a year.

59.Have a relaxed and unhurried life, yes or no?

I definitely agree to the statement that one should have **a relaxed and unhurried life**. Even though we must work hard in order to make our dreams come true, it is not a good idea to **be exhausted every day**. We Chinese have an old saying, **life is like a bow**, sometimes tight and sometimes loose, or it will break. **Only relaxation could let one have a good rest**, which will definitely increase one's efficiency when he/she is back to work.

60.Favorite room

My favorite room in my house is my bedroom. When you enter my bedroom you will find yourself in a palace of toys and surrounded by an irresistible aroma of **lavender /'lævəndə(r)/薰衣草**. There are many pictures of famous movie stars hanging on the walls of my bedroom, reflecting my superb taste of films. At the sight of my bedroom, I bet all your senses will be brightened up in an instant and the background music which is often jazz in my bedroom will also make you long for a lifetime stay there.

61.在旅行时，有些人喜欢直接到达目的地，有些人却喜欢沿途一路上观光。

in my opinion, I prefer to go straightly to my **destination**. The reason I would like to talk about is that, I think **it will be a waste of time if you see here and there on the road of your journey**. If we

go directly to our aim area, we can quickly change to another one and then another else. Secondly, going straight to our destination can save money for us. **If we wonder about on the road, it will definitely take many oil, and you know the price of oil is growing day by day,** we could not afford such large amount of expense.

62.当你去 restaurant 或 cafe 得时候最 care about 的 features 有那些

You may be surprised to know that **the feature I care most about** a restaurant of café is its location. The location of it should be in a place which has several buses and subway lines. So I can get there within half an hour from any part of the city even during rush hour. In case there is no convenient public transportation or free shuttle bus which picks me up near my home, they should provide **sufficient parking space at least**. Then I can drive my own car there.

63.城市建设中应该保持 old building 呢还是应该用 new building replace old building

I will never agree to let new buildings replace old ones in the city. **Take Beijing for example, which is One of the most acient cities in China.** And there are many world famous old buildings locating in **Beijing**. For example, the Great Wall, Summer Palace, Forbidden city and so on. They are the most attractive factors for tourists throughout the world come to visit **Beijing**. And these old buildings preserve the history of China for us.

64. Get advice from family and friends or learning through personal experience

In my opinion, I would defintely prefer to **take advices from my family and friends rather than listen to myself**. Family members like my parents are the most **intimate** persons in my life, they know me even better than myself sometimes. And my parents love me so much that what **they** suggest is always **from my perspective**, which will do no harm to me. As my friends for example, my classmates, all have similar experience with me, they would guide me to avoid some horrible circumstance they have faced. These would be much better than **try everything myself according to my own experience**.

65. Do you agree or disagree: Students should wear uniform. in school?

I definitely agree to the statement that students should wear uniform in school.

The school uniform is usually neat and tidy. It could provide **an unified image of the school**. And if the students have some activities outside school like taking a picnic for instance, uniform allows the teacher to recognize his/her students much easier. **Besides wearing uniform will avoid the comparison among students about clothes**. So that **the students could be more concentrate on studies**.

66. 你选择 online courses 还是 traditional courses

In my opinion, I prefer traditional courses better. In the spring of 2003, when SARS attacked our city, we students were not allowed to gather in a classroom taking lessons, on-line course is our only choice. And I found it really boring and tedious. My only teacher and partner is the cold computer without any emotion. If I do not understand the text pretty well, I have no one to ask for help. **The computer could answer some typical questions, which seldom satisfied me**. But on the

other hand, attending traditional courses means we have teachers to interact and classmates to discuss or cooperate with. You cannot imagine how much I missed my teacher and classmates those days.

67. Subject which will lead to better job or subject which you are interested.

I will definitely choose a major which will lead to a better job in the future. I bet the most common reason for us attending university is to find a good job with bright future and decent pay when we graduate, like finance and marketing for example. I love literature, but I chose Computer science to be my major in the university. Computer science is much more practical than literature. You can see this from the fact that the number of author is much less than the number of Computer engineer. I could not deny that satisfying our interests will make our life more enjoyable, but it has to take a good job as a prerequisite /because Compared to surviving, everything else has to be placed in the second place.

68. 有些人觉得在大学的学习是很重要的,有的人觉得它并不怎么重要,你的观点?

In my opinion, the study in the university is pretty important. Take myself as an example. I used to be a student of Computer science in the university. I learned how to build system, how to write code, how to find security vulnerabilities and so on. And then I went to the lenovo to work as an intern during my third year. I found what I had learnt in the university was really useful, though not practical, it is the basis to handle with the real problem. On the second thought, the certification of university is a proof of your learning ability for many employers. It is an essential competitiveness when you seek for jobs.

69. Describe a letter or poem or ...that is important to you

Letter, teddy bear.

70. 森林,沙漠,平原...你喜欢住在哪种环境里?

I prefer to live near the forest best among the three.

71. 说说你向别人要求帮助的经历,别人是怎么样帮助你的

Buy teddy bear

72. 赚钱的工作还是 personal satisfaction 高的工作

I will definitely choose a major which will lead to a better job in the future. I bet the most common reason for us attending university is to find a good job with bright future and decent pay when we graduate, like finance and marketing for example. I love literature, but I chose Computer science to be my major in the university. Computer science is much more practical than literature. You can see this from the fact that the number of author is much less than the number of Computer engineer. I could not deny that satisfying our interests will make our life more enjoyable, but it has to take a good job as a prerequisite /because Compared to surviving, everything has to be placed in the second place.

73. 学生在工作之前应该做 part-time job 或者 summer intern 来确定自己是否合适那份工作,

同意否？

In my opinion, every student should do a part-time job or apply for a summer intern before graduate. During the intern, we can **learn a lot of things much more practical than what we learn in school**. For example, a student of finance will put in many effort in math while studying in school, but during the intern he/she will find the math formulas could do little help. Besides, we can check if we are really fit for the job we dreamed. Take me for instance, I dreamed to be a salesboy in the supermarket when I was still a child. But when I really work as a salesboy as my summer intern I found the work was tedious and tired.

74.最想学的一个技能

The skill I want to learn most is cooking. My mom is good at cooking but she seldom cooks at home because her work is very busy. She has business travel nearly once a week. When she is absent, my dad take the responsibility of cooking. The food he cooks is horrible. Every time he cooks, I will loose some weight. I am already slim. So I want to cook for myself. And they say that cooking makes **man** more attractive. You know I am still single.

75.是否同意学生进入大学前有一个 one-year 的 break

I tend to agree that students having a one-year break before entering college. First of all, **so many years of study and exams before college really cost energy**, after graduating from high school, **a long-term break will be beneficial for students both physically and mentally**. Students can use the break to **enjoy life and decide their future development**. In addition, it's also a good chance for poor students to use the break to **earn a certain tuition for their college study**.

76.some good news and why(自己写)

I'll tell you a good news of myself. I have just received an offer which tells me that I was accepted to **be an Computer engineer in the lenovo**, which is the most important **Computer company** in China. Every one of my classmates admires me because I am **the only one who receives this offer**. I dreamed to be a computer engineer when I was still in middle school and thus I chose **computer science** as my major in the university. When I graduate from the university, I found the work of computer engineer is really a tough one in China, but **I proved myself in the end**, and got this offer.

77.新生是和其它年级混住还是单独一个楼

In my opinion, it is better for freshmen **living in the same dormitory with students from senior grades**. Living together offers the students from different grades to communicate more often. This is especially helpful for freshmen. If the freshmen have any problem about study, they could simple go upstairs or downstairs asking for help from **their predecessor**. For example, They will learn which professor is kind who will not give D or F to students from their predecessor and select his/her course, then got **a good average GPA** at the end of the semester more easily.

78.同意或不同意 students will learn more when they have discussions

I will definitely agree to the statement that students will learn more when they have discussion.

Take me as an example, I still remember clearly the spring of 2003 when SARS attacked our city, we students were not allowed to study in the classroom together, and have to go home learn separately by on-line courses. So I have no partners to discuss with, and I got the lowest average GPA that semester. I think that's all because I do not understand pretty well without discussion with my teacher or classmates.

79. Do you agree or disagree: "The most important lesson can't be learned in class."

I agree to the statement that the most important lesson cannot be learned in class. The lesson we have learn in class is some basic knowledge. What we learn in the society is much more practical and important as well. For example, you will never learn how to deal with the relationship among co-workers in classroom, but it is crucial to manage this kind of relationship if you want to survive in the fierce competition in a company. And this kind of skill could only be taught in the society.

80. Should the university education be free?

I don't agree with the statement about university education for free. First of all, it can cause tension on teaching resources and available facilities. Without any charge of tuition for college students, there will definitely be an increasing enrollment, which will result in great budget and resources pressure. Moreover, the more college students, the less value of the degree. It may go against the original selective purpose of the higher education. // So I don't think it's wise to make university education for free.

## 课程报名和咨询方式（见文末）

## 高分学员走心评价

118 分学员评价：口语和写作是我考前更担心的部分，因为它们主观性都比较强，如果准备托福阶段没有人能批改我的口语和写作，总是心里没底。二月初的时候正好看到了美联乐闻的托福课程，就报了名并着重看了一下口语和写作的课程视频，这对我来说帮助很大，至少让我沉着下来，不会总是担心自己哪里说得不到位。

虽然我对自己的要求并不低，但是拿到成绩的那一刻还是激动万分。毋庸置疑，能够取得这个分数，除了老师的指导，一定程度上还归功于好运气。但语言真的是一个积累过程，不管是平时的滴水石穿，还是考前的全心投入，都是积累，只不过强度和持续时间有所不同而已，只要有积累这一行为过程，人就会有所提升。所以放平心态，用心准备就是为了变得更强大，如果能拿下高分再好不过，即使不能如愿，你也会看到自己的改变。不论如何，都值得欢欣鼓舞。

——美联出国考试乐闻中心托福 118 分学员

115 分学员评价：我是今年决定要考托福的，寒假的时候报了美联乐闻的 15 人精英班。实话说我这次并没有太多期望，上 100 我就满意了，结果出来我自己也很吃惊，115 分。从功劳上来说，我认为美联乐闻老师的指导占三分之一，运气占三分之一，我自己的实力占了三分之一。

——托福 15 人班 115 分学员

hey....我只是想说真心很感谢美联乐闻！我暑假在乐闻上了托福 15 人班，我之前成绩是 80 上周考的成绩出来了 106 提高超级多 … 我超级开心真的真心很感谢！

——托福精英班学员 Echoooo（80 分提高到 106 分）

9.14 的托福三战，从最初的 87 考到了 105 分（阅读 30、听力 30、写作 23、口语 22）。回顾过去备考的几个月，美联乐闻的 15 人班于我的意义远非一个培训班。

以前也上过别的大机构的培训班，感觉如果要备考托福去报个那种班是必须的，怀揣着满满信心挨个班学下来，今年 3 月，一战惨不忍睹。我开始怀疑自己是否真的努力，是否具备去美帝的能力？在那段自我怀疑的黑暗时光里，在网上偶然间看到了美联乐闻的托福 15 人班的网页。其实之前备考的时候就做过文勇阅读，在微信上也关注着刘文勇老师（貌似还是校友呢^\_^）。真的抱着有种这次再不行也许就真出不了国的心情选择了美联乐闻的托福 15 人精英班，来到这里才发现，这才是我想要的班级和学习模式！

这里采取小班教学，不存在听不清看不清的问题，也可以随时提出问题和老师交流，也

可以每道题都让老师查看，上课气氛也很活跃自由，老师和学生能够很频繁地互动。其实我觉得之前没考理想的主要原因是方法学的多但自己做题太少，但在这里课上有充分时间做很多题，让方法能够得到充分运用。市面上的小班教学的价格实在是…，而且还不一定是有经验的老师，相比较而言，美联乐闻的精英班性价比很高！

——托福 15 人班王同学（87 分提高到 105 分）

我大概属于比较奇葩的超大龄学员（奔四了已经），5 年前连续考过 3 次托福，86-85-84。我当时已经在美国，是汉弗莱高级访问学者。因为没有考到 100，与自己的梦想擦肩而过。今年 6 月份决定再次冲刺托福，报名 9 月 27 号考试，很明确，就想一次过。一开始自己没有打算上培训班，就是自己老老实实用托福软件一套套做 TPO。8 月份试了一次模考，才 90 分，对于自己是否能过 100 分，已经没有了完全的把握。所以我就断然决定报班，实在不想浪费时间再去考一次，你们都懂滴。当时最主要的考虑是：要把能用的方法都用上，这样即使没过线，自己也不会后悔。

事实证明，我做了一个正确的选择。我报的是美联乐闻 9 月 7 号开始的周末班，我上完第一次课，就觉得自己做对了决定。四个老师都非常棒，我对他们的整体评价是：真实，客观、有水平。明确告诉你哪些方面必须靠训练来提高能力，哪些方面可以通过应试性技巧来提高。最后 10 月 8 日得到自己的成绩：总分 102，阅读 28，听力 27，口语 23，写作 24，低空掠过。

——托福 15 人班奔四大龄学员（90 分提高到 102 分）

虽然已经过去几个月了，我还是忘不了在美联乐闻集训营上课的情景，这是我在备战托福时期最开心的日子了~我在上课前去参加了一次 TPO 的模考，只考了 69 分。。我对自己很失望，甚至还动摇了我想要出国留学的念头。所以我当时抱着背水一战的心态去上了集训营。在上课期间，老师们都很认真负责，同学们也都很积极，有一个非常融洽的学习氛围，

我们的学习效率也相当高哦~当时觉得时间真的过得很慢，因为每天老师都会给我们留一大堆的作业，为了完成老师布置的任务，我几乎没有在凌晨以前回过宿舍，还有一次为了写作业熬了通宵。不过呢，现在看来，这些都是十分宝贵的经历，我也很感谢老师的帮助和我自己的坚持才让我现在取得了 103 分的成绩。对于即将来参加美联乐闻集训营的同学们呢，我想说只要你们全身心的投入到托福学习中去并踏踏实实地跟着老师们的进度走，就一定会取得一个令自己满意的分数！

——托福集训营学员 Z 同学（69 分提高到 103 分）

今年参加了美联乐闻托福“监狱式”集训营课程，让我收获颇丰。首先这里的学习氛围很棒，大家相互鼓励，坚持不懈。其次各科老师也都十分负责和个性张扬，在这里学到的不是方法论或者题海战术，而是他们的亲身经验。他们用自己的经历告诉我怎样锻炼自己的听说读写能力，怎样更快的掌握应试技巧，避免走更多的弯路。在这里不止有丰富的知识，更有无尽的欢乐。每当回想起乐携的经历，我都十分开心。

——托福集训营学员 W 同学（73 分提高到 99 分）

上集训营最大的感触就是有动力。当初报这个班就是因为自己在家学不下去。明明告诉自己学习的，可是还是下意识的点开了微博、qq 什么的。当看到美联乐闻的集训营的介绍时，我觉得我的救星来了。事实证明的确如此。从开课的第一天就能感受到如潮的压力。从早九点到晚九点。回家还有作业。像我这种有“强迫症的人”这对我英语成绩提高的最好的办法。而且同学们很友好，也很努力学习。为这个班级创造出了一种积极的气氛。！
